Dear Scholarship Donor,

Thank you very much for this scholarship to fund my higher education! This will help me pursue my degree and secure a good job in the future!

My name is Jordan, and I am currently studying Computer Science at the University of Arizona. I am a sophomore this year, and classes are going well! I am maintaining a high GPA and learning many new things every day. College has been a very awesome, yet challenging experience that I hope to get through with high remarks! As of now, I plan to graduate with a bachelor's degree in May of 2026. I may pursue graduate school, or get a career after that. My goal with my computer science degree will be to join a software or hardware design team and come up with technology that people will like to use. I want to listen to what people say they want in technology and work to develop it. My ultimate goal will be to create technology that is revolutionary or helpful and that lots of people would like to use and later improve upon. But this goal would not be as reachable without your help toward funding my education. So for this, I once again thank you. You are helping someone achieve success in a field they have very high interest in.

Best wishes,
Jordan Orvik

FIRST ENDORSEMENT RE: SW OK MOAA CHAPTER SCHOLARSHIP DONOR

SW OK MOAA, as a proud father of Sophomore Jordan Orvik, I wanted to express my personal gratitude for your sponsorship of Jordan's additional MOAA scholarship grant. He has kept up his studies and GPA and additionally begun part time employment in addition to his volunteer skills.

Jordan grew up as a military child with several PCS and changes in schools. It is a positive relief to see him thriving at the University of Arizona and majoring in a difficult curriculum such as Computer Science.

The generosity of the SW OK Chapter mirrors the efforts we make here in the Tucson chapter to help assist our community and expanded military family. I again extend my personal and professional MOAA thanks.

V/r,

Ross Orvik

Subject: Thank you from Arizona for scholarship

Dennis,

The Southwest Oklahoma Chapter recently selected Jordan Orvik, the son of one of our chapter members, Rusty Orvik, as the Southwest Oklahoma Chapter #2 -designated scholar for the 2023-2024 school year. Thank you for selecting Jordan for your scholarship! Jordan has autism which means some of his special classes and his assistance cost more for college. Getting your scholarship for Jordan is a big help to the family and is really appreciated by all.

Thanks for helping another student attend college!
