Southwest Oklahoma Chapter,

I just wanted to let you know how much I appreciated the scholarship that you awarded me. I have just started my senior year at the University of Oklahoma. Although I was born in Hawaii, lived in Germany and attended school in San Antonio, all of my family are originally from Oklahoma and I wanted to continue my schooling there. I am currently majoring in chemical biosciences and pursuing pre-med and will graduate May 2026. This scholarship has been a huge blessing for me as it has been difficult to work outside of school. Each semester along with my classes, I have been pursuing shadowing opportunities with local physicians, volunteering, microbiology research and taking my MCAT. I just found out last week that I have been accepted to Oklahoma State University's medical school in Tulsa. I will officially be a Sooner and a Cowboy! Becoming a physician has been a dream of mine since 9th grade. I have had an interest in women's health and have spent many hours volunteering at the Women's shelter in Norman and also at Crossing Community Clinic in OKC. My goal is to become an ob/gyn. Outside of school, I enjoy spending time in my sorority, going to football games, skiing, cooking, traveling, bible study and sky diving. Thank you once again for your consideration for this scholarship and supporting me on my journey to medical school!
